

Road Trip Assignment Sheet

You've completed your research for the trip. Now you will make a PowerPoint organizing your trip. Below will find an outline of requirements. You may add to this if you wish, but must include the slides listed below.

Slide 1: Title: "Your Name's Trip Around the USA"

Slide 2: Map of the USA: Insert a picture of the USA. Show somehow all of the states you will be visiting. You could place a star on each of the states you plan to stop at.

Slide 3: Itinerary: Plan out your days. You should include where you are going (city, state, and actual destination). Include how many days you plan to spend here. Be very detailed in your plans.

Itinerary Example:

1. Stop 1: 5/25 New York City, New York
Statue of Liberty, 9/11 Memorial
2. Stop 2: 5/26-5-29 Waco, Texas
Shopping at the Silos, Fishing on Lake Waco

Slide 4 -Cost: Attractions

List out each attraction you plan to visit and how much it will cost. Include a grand total at the bottom.

Attractions Cost Example:

Statue of Liberty- \$50

9/11 Memorial \$40

Shopping at the Silos- \$100

Fishing on Lake Waco-\$ 35

Total: \$125

Slide 5 -Cost: Other Stuff

You need to list out how much it will cost for your meals, hotel, and gas.

Meals: You should count up how many breakfasts, lunches, and dinners you will have. Breakfast cost \$5.00, lunches \$10.00, dinners \$25.00.

Hotel- Find a hotel in the area you are staying. See what the rates are for the number of nights you plan to stay there.

Gas- Determine how many gallons of gas you will need. You need to know a few things to determine this:

1. How many miles you are traveling
2. How many miles per gallon your car gets (MPG)
3. How much a gallon of gas costs. (\$2.25)

Example: I am traveling 6,000 miles. My car gets 20 miles per gallon.

$$6,000/20= 300$$

I need 300 gallons of gas.

300 x by the price of gas.

$$300 \times 2.25 = \$675$$

Gas will cost \$675.00

Slide 6-Slide 15- The remainder of the slides will be your attractions you plan on stopping at. Include the following on each slide:

Title

Picture of Attraction

Cost

3-4 sentences about this attraction and what you plan to do here
